Professional Summary

Software Engineering graduate with internship experience developing enterprise AI applications using Angular, TypeScript, Python, FastAPI, and REST APIs. Skilled in full-stack development, SDLC, unit testing, integration testing, CI/CD, Docker, version control, and building scalable AI-powered software solutions.

Experience

ABB India Ltd. Feb 2026 – Jul 2026

Software Engineering Intern Bengaluru, India

- Developed enterprise AI applications using Angular, TypeScript, FastAPI, and REST APIs.
- Migrated the enterprise application from Angular 18 to Angular 22 and implemented AI-powered features.
- Built reusable Playwright and Python automation frameworks for UI, API, unit, and integration testing.
- Created and merged 15+ pull requests using Git, Azure DevOps, version control, and Agile software development practices.
- Performed deployment validation, Docker image verification, CI/CD support, release testing, and SDLC activities across multiple environments.

Technical Skills

Languages: Python, TypeScript, JavaScript, SQL, C++

Frontend: Angular, HTML, CSS, SCSS, Responsive Web Development

Backend: FastAPI, Flask, REST APIs, JSON

AI & Automation: Generative AI, Gemini API, Playwright, Prompt Engineering

Testing: UI Testing, API Testing, Unit Testing, Integration Testing

DevOps & Tools: Git, GitHub, Azure DevOps, Docker, CI/CD, Version Control

Databases: MongoDB, MySQL

Methodologies: Agile Scrum, Software Development Lifecycle (SDLC)

Projects

Asset Health Monitoring System | Python, Flask, Streamlit, MongoDB, REST APIs

- Developed a predictive asset health monitoring platform using Flask, MongoDB, Streamlit, and REST APIs with real-time dashboards and equipment health classification.

AI-Based Drone Detection & Tracking System | YOLOv8, OpenCV, Raspberry Pi 5, Python

- Built an AI-powered drone detection and tracking system using YOLOv8, OpenCV, and multimodal sensor fusion for autonomous UAV monitoring and real-time alerts.

VisionAI Multimodal Image Caption Generator | Gemini Vision API, FastAPI, Python, HTML, CSS, JavaScript

- Developed a multimodal AI application using Gemini Vision API and FastAPI for image captioning, scene understanding, object detection, and AI-powered visual analysis.

Education

B. S. Abdur Rahman Crescent Institute of Science and Technology 2022 – 2026

Bachelor of Technology (B.Tech) in Electronics and Communication Engineering

Vels Vidyashram, Chennai 2021 – 2022

Central Board of Secondary Education (CBSE) – Class XII

Achievements

First Place – CRESATHON'23 (Intra-College Hackathon) 2023
